

Journal of Radiation and Cancer Research (JRCR)

Special Issue on Hyperthermia in Oncology and Radiation Research

Submission Deadline: January 10, 2020

Journal of Radiation and Cancer Research (JRCR), a publication of Society for Radiation Research (<http://www.srrindia.org>), is a double blinded peer-reviewed quarterly online (free access) and print journal published by Wolters and Kluwer (<https://wolterskluwer.com>).

Journal of Radiation and Cancer Research is pleased to announce publication of its special issue on **Hyperthermia in Oncology and Radiation Research**. For effective hyperthermia application in clinical oncology and modifications of chemo-/radio-sensitivity of cancer cells, several strategies have been developed. Moreover, the biological processes underlying the hyperthermia under *in vitro* and *in vivo* conditions are being investigated globally. The growing volume of knowledge is accompanied with increased attention of researchers and clinicians for hyperthermia in oncology and radiation research, which will be better shaped with this special issue of JRCR.

- This Special Issue of JRCR will cover all aspects of hyperthermia pertinent to oncology and radiation research from basic to clinical studies including nanoparticles based strategies for effective hyperthermia applications. It also covers topics related to hyperthermia as radio-/chemo modifying agent.
- You are cordially invited to submit a manuscript (original articles, review articles, opinion articles, short notes, technical reports and case studies) for the special issue.
- All submitted manuscripts shall undergo a double blinded peer review process by eminent experts in the field.
- **No submission or publication charge** except color figure(s) in the printed version of the Journal (if authors opt).

Submission Deadline: January 10, 2020

Visit our web site for the details of Journal (<http://www.journalrcr.org>) and author instruction for manuscript submission (<http://www.journalrcr.org/submitarticle.asp>).

For questions about this special issue or for any additional information, please contact **Editorial Office** srrindia1415@gmail.com or **Editor-in-Chief: Dr Nagraj Huilgol:** nagrajhuilgol@gmail.com
